

Dress Up Your Doorway

Door wreaths are among the most popular and festive outdoor decorations, especially during the holiday season. South Shore resident and owner of **The Festive Home**, Jen Fallon has taken the decorative staple and given it a sophisticated “South Shore” twist.

“Many homeowners use different wreaths for different occasions—throwing out décor made with greenery or dried flowers when they no longer hold their luster,” Fallon says. “I wanted to design and develop a stylish wreath that withstands the seasons.”

Her newest product, the Hampton Wreath, which launched over the summer, is a combination of natural and weather-resistant material that evokes a coastal feel. Handcrafted in Duxbury and made from high-quality manila and burlap marine roping (nearly 70 feet of it!), the wreaths are designed to withstand harsh weather conditions and be a sustainable option for year-round décor, since they’re not disposable. There are several style variations of the wreath and customers can customize their wreaths to match their existing décor by choosing the colors of rope as well as the adornment—whether it be seashells, ribbons, or something more holiday festive. 781-856-5758, www.thefestivehome.com
